

IE Graduate Summer School

At IE University, we believe that challenging times create opportunities. Therefore, we've redesigned our IE Graduate Summer School program to continue helping you build the future you want for yourself.

IE Graduate Summer School

The IE Graduate Summer School offers driven undergraduates and recent graduates the opportunity to follow a challenging academic program including courses across a wide range of disciplines, taught by IE's top-quality faculty. Following **IE's Liquid Learning Methodology** IE Summer School students will have the option of doing the program **online and/or on our Madrid campus** according to their needs. During this unique experience students will gain **ECTS credits** and expand their soft skills as well as dive in deep on 1 of the **4 available specialized tracks**: Entrepreneurship, International Finance, Marketing & Communications and Innovation & Technology. Alongside enriching extracurricular activities to immerse yourself in **Spanish culture**, students will gain first-hand industry insights from leading experts in their fields through in-company sessions.

Looking for the perfect summer experience?

Make the most of your summer and expand your global network, meeting one of the most diverse student communities! Dive in deep on trending topics and expanding your cultural horizons!

Tailor your experience according to your needs and availability:

- Full 3-Week program
- Specialized track: Weeks 2&3
- Soft skills: Week 1
- ECTS credits available

Whom is it for?

Undergraduate students and recent graduates

When does it take place?

■ Innovation and Technology:

Kick -start your career as a digital innovator! Understand the interplay of technology, innovation and management!.

At IE your health comes first!

IE University offers the unique opportunity, thanks to our **rigorous health protocols**, to be able to resume in-person classes since June 2020. We've gone the extra mile so that you can enjoy your life-enriching university experience, the way it was meant to be, without putting your health at risk.

Here are some of the measures we've introduced to make IE **the safest possible environment**:

- Antigen tests
- IE COVID-19 Tracer Web App
- Alternative accommodation for those infected
- Adapted infrastructure
- Strict monitoring of hygiene and physical distancing rules
